

# TECH TRANSFER OFFICE OF TÉCNICO

---

October 25th, 2023

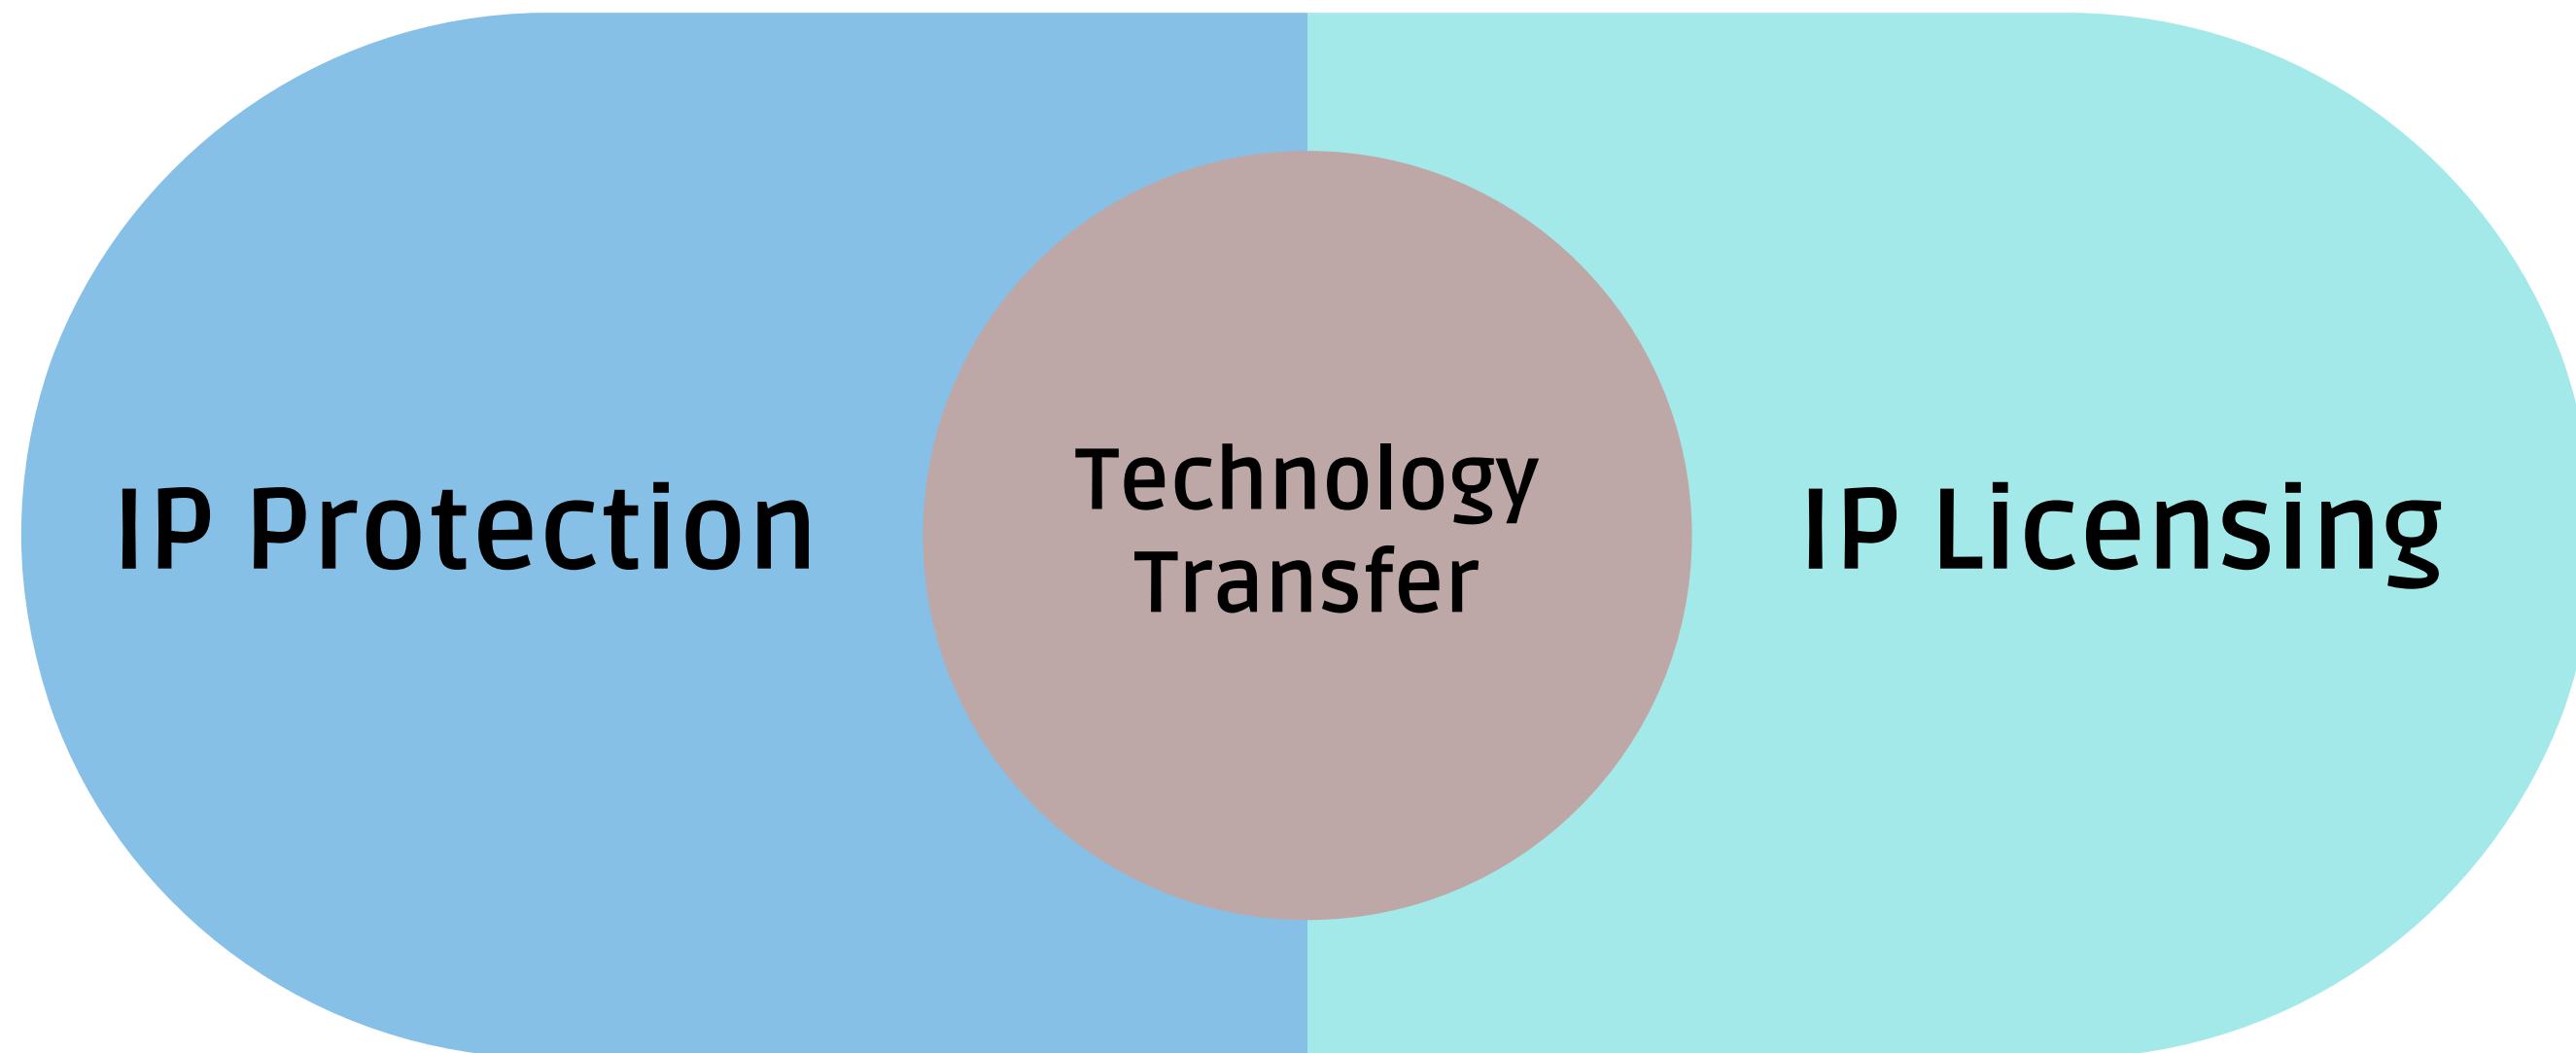

# What does a Technology Transfer office do?

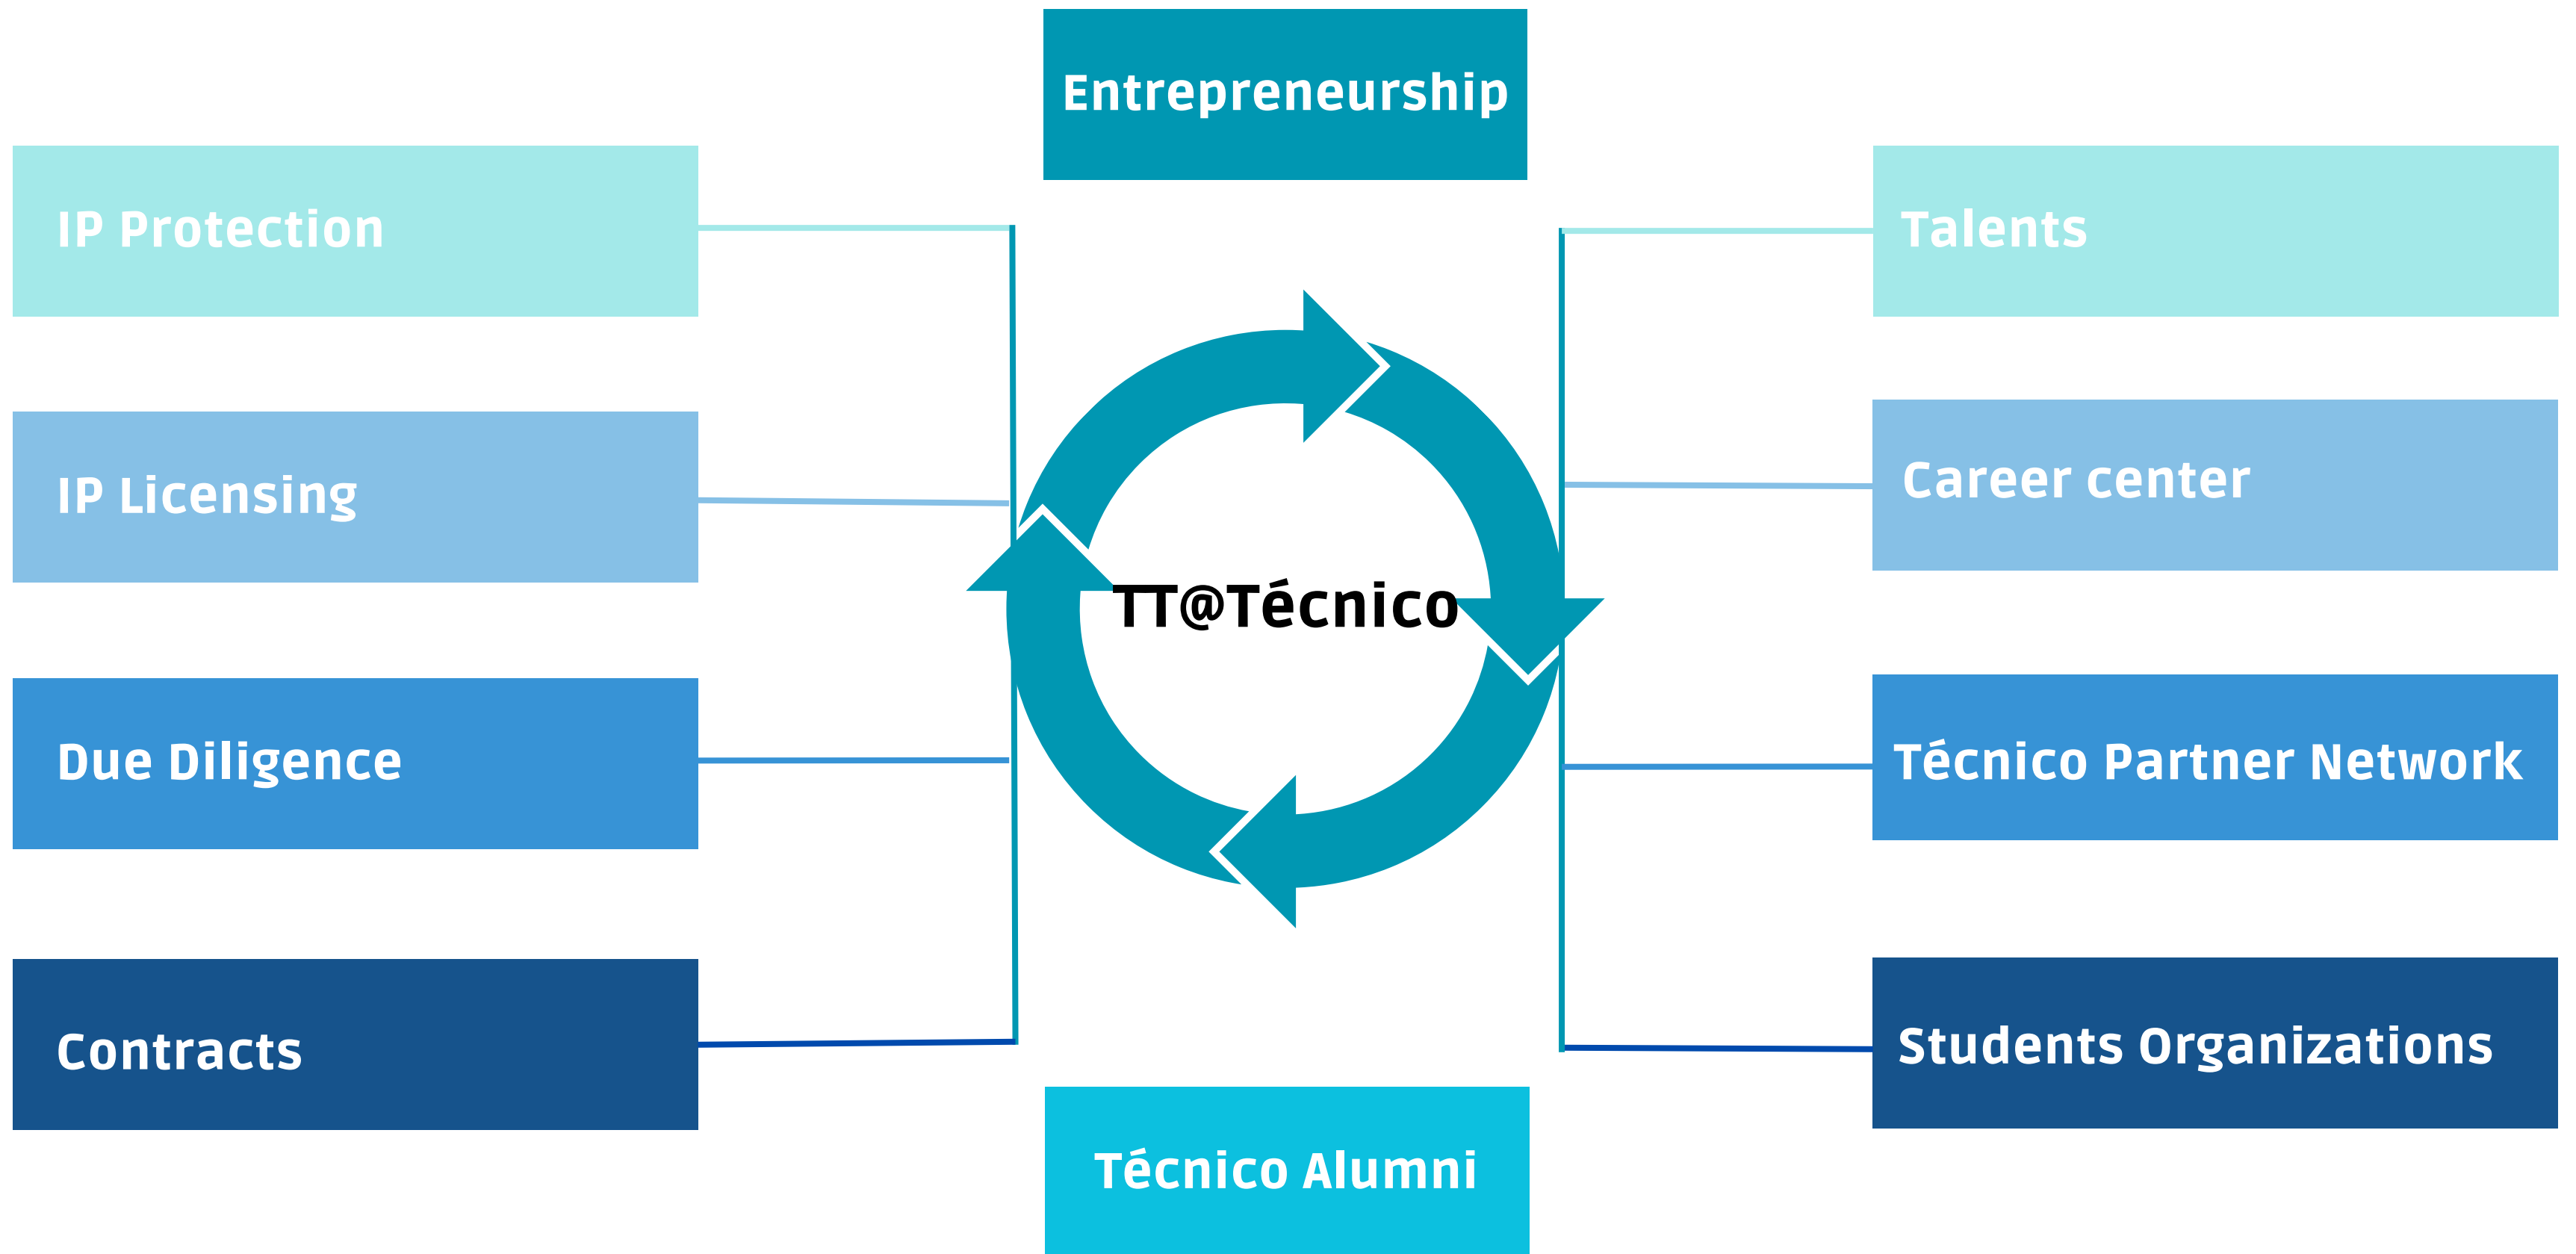

# Traditional Approach

# Técnico's Approach

# TT@Técnico

## TECH TRANSFER OFFICE OF TÉCNICO

- CAREER CENTER
- ENTREPRENEURSHIP
- CORPORATE PARTNERSHIPS
- INTELLECTUAL PROPERTY
- ALUMNI

# CAREER CENTER

---

1 GET READY

2 GET INVOLVED

3 EXPLORE

4 TRAIN

# GET READY

---

The best way not to lose focus and build a strategy to answer that question is to equip yourself with the necessary tools that will help you find the career of your dreams and that best suits your profile.

**Career discovery sessions**

**Técnico business cards**

**Career Training workshops**

# EXPLORE

---

Knowing where to look and what to look for will require you to set aside and invest some time to explore what is out there for you, but the end result is sure to be rewarding, making your choices aligned with your preferences, your profile and where your value is recognised.

## Career Weeks

## Job shop

## Job bank

## Alumni Mentoring Program

# GET INVOLVED

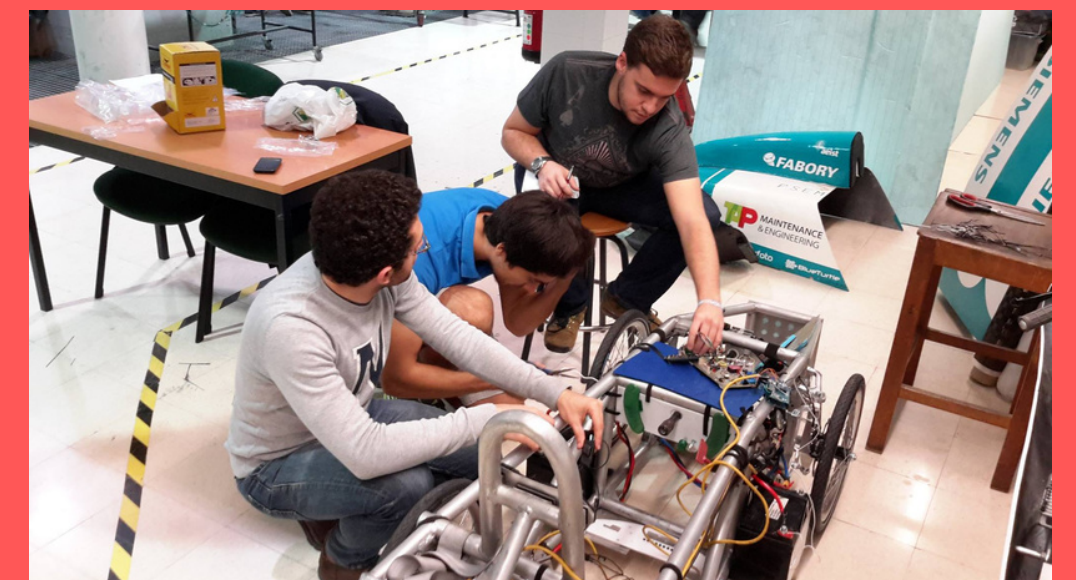

---

Besides academic performance, the companies that recruit at Técnico value a set of experiences and skills that students can develop at Técnico through an active participation in the various Student organizations.

**Student clubs**

**&**

**Student organisations**

# TRAIN

---

After getting ready to start the journey of what you want to do in the future and exploring the opportunities that exist for you, it's time to “get to work” and train your skills with companies.

**Best inside view**

**Alumni talks**

**Talent  
bootcamp**

**Meetup with a  
company**

---

## **PARTNER NETWORK**

---

Brings together the companies that maintain a continuous and structured partnership relationship with Técnico.

These agreements have various dimensions including recruitment, talent development, innovation, social responsibility and the strategic conduct of Técnico.

23 Companies

Merit Awards

Workshops Técnico-Industry

Master's and Doctoral Scholarships

Innovation Competitions and Awards

Scholarships for Students with financial difficulties

## MERIT AWARDS

Merit awards are opportunities to distinguish the best of the best: the best dissertation, the best student in a discipline in a particular subject, or the best student on a course.

+19 Merit Awards  
+ 80K in awards

PT/EN

1ST, 2ND AND 3RD CYCLE STUDENT

## WORKSHOPS TÉCNICO- INDUSTRY

Meetings where researchers from Técnico and specialists from the company met, who presented proposals and innovation projects in the companies' areas of activity . These meetings allow companies to be closer to the Academic world and show what is done in Research and Development, but also to understand the needs of industry and companies.

**PT/EN**

R&D UNITE CENTERS AND DEPARTMENTS

## SUPPORT FOR LEARNING LABS

---

Técnico has a wide area of learning spaces that support both the curricular laboratory components and the students' extracurricular activities. Companies can support the improvement of these spaces, transmitting to the community the importance of practical training and the commitment to the continuous improvement of the quality of Técnico's graduates.

A large group of graduates in black gowns are gathered in a grand, brightly lit hall. Many are holding up white diplomas or certificates, and some are waving. The scene is filled with a sense of accomplishment and joy. The word "ALUMNI" is prominently displayed in the center of the image in a large, white, sans-serif font, with a horizontal line underneath it. The background shows a multi-story building with large windows and a balcony. The floor is made of light-colored tiles.

# ALUMNI

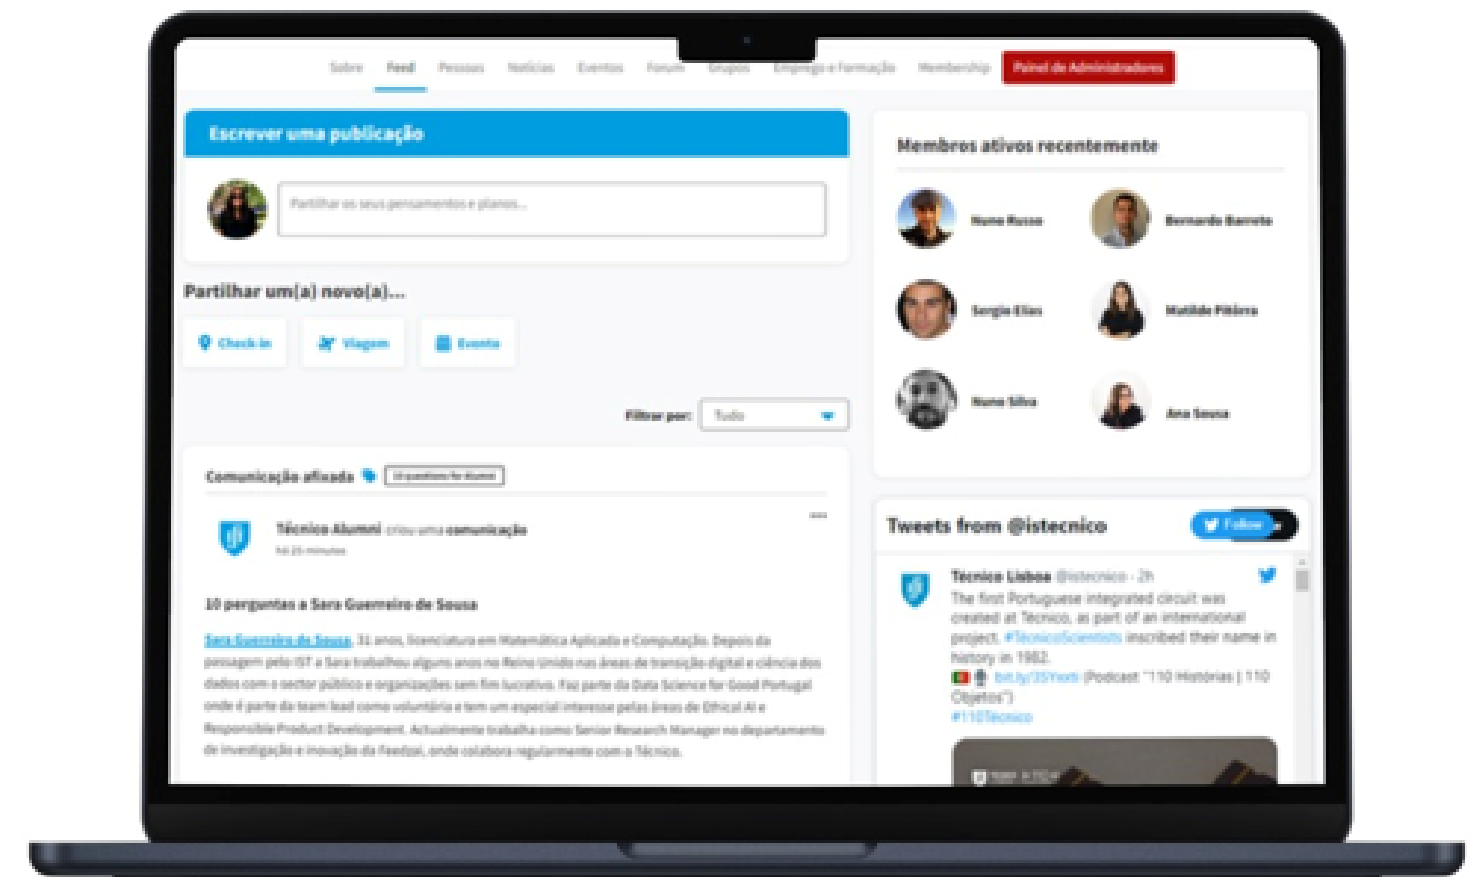

# TÉCNICO ALUMNI

The official alumni platform allows you to meet up with former classmates, search for or advertise job vacancies or belong to a course group or other group of interest to the user

[alumni.tecnico.pt](https://alumni.tecnico.pt)

TAKE A LOOK

# INTELLECTUAL PROPERTY

# INTELLECTUAL PROPERTY

---

Técnico encourages the protection of intellectual property as a way of promoting its valorisation, and currently has a portfolio of more than 290 patents.

- 1st IP Policy - 1997
- New IP Policy - 2010 (clear due diligence process; benefits to inventors; commercialization effort)

Indicators (2022):

- Invention disclosures - 18
- National patent applications submitted - 10
- Patent applications in foreign territories - 9
- National patent grants - 7

# INTELLECTUAL PROPERTY

---

In addition to patents, Técnico also licenses other intellectual property rights, such as copyrights on computer programs, trademarks associated with technological products, and others.

- Protecting, managing and valorisation of Técnico's IP
- Licencing and exploration of IP rights
- Dissemination of IP at Técnico's academic community
- Contractual Management of IP and confidential legal clauses

# IP TALKS

---

IP Talks are informal lunchtime sessions organised by the Intellectual Property Unit of Técnico's Technology Transfer Area, aimed at the whole academic community, with a focus on researchers, teachers, PhD students and all those who develop scientific work or are interested in the topic of Intellectual Property.

- + 50 sessions
- + 1000 participants

Topics:

- Is my idea patentable?
- How to write the claims of an invention?
- State of the art Search

# PAN-EUROPEAN SEAL YOUNG PROFESSIONALS PROGRAMME

---

The Pan European Seal Programme is an internship programme offered by the EPO - European Patent Office (EPO - Pan European Seal Professional Traineeship Programme) - and the EUIPO - European Union Intellectual Property Office - for students and former students of some of the largest European universities.

Instituto Superior Técnico is one of the partner universities and every year it invites its students and alumni to participate in this programme and experience what it is like to work in an intellectual property office for a year.

**"I never quit science, I just switched from university to curiosity"**

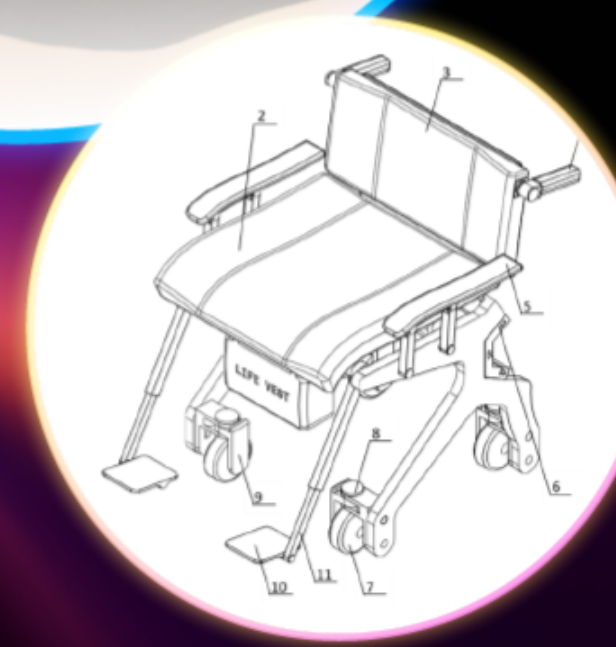

# WORLD IP DAY

---

Every year tecnico celebrates World Intellectual Property Day by honouring our inventors who make their contribution to the world

**Rosário Macário**

**Mulheres e Propriedade Intelectual -  
Acelerar a inovação e criatividade**
